SUMMARY

Frontend Developer with **3 years** of experience in **React JS**, **Next JS**, and **WordPress**. Skilled in building responsive and user-focused dynamic web applications. Strong team collaborator with a passion for clean code, backend development, and continuous learning. Seeking a **Frontend** or **Full Stack Developer** role to contribute expertise and grow with a dynamic team.

PROFESSIONAL EXPERIENCE

Setubo Private Limited

May 2025 - Present

GolfGuiders – Full-Fledged Admin Panel

Role: Module Flow Design & Frontend Developer

- Designed module flows and system structure; led frontend development for the admin panel.
- Collaborated with cross-functional teams to implement scalable, maintainable UI solutions.

GolfGuiders – Web Application

Role: Frontend Developer

- Developed and implemented frontend features for the GolfGuiders web platform.
- Worked in close collaboration with product and engineering teams on feature delivery and UI integration.

ArgonTeq, OZI Group, ARFA Tower

Nov 2023 - Apr 2025

Role: Associate Frontend Developer

- Developed and maintained responsive web applications using React js, Next.js, and WordPress ensured cross-browser compatibility.
- Collaborated with design and backend teams to implement user-friendly interfaces, web flows and improve overall user experience.
- Managed client relations by providing regular project updates, handling client queries, and conducting demos to showcase completed work
- Led frontend projects from planning to deployment, ensuring timely delivery and alignment with client requirements.
- Led and delegated tasks to junior team members, while also reviewing their code.

ArgonTeq, OZI Group, ARFA Tower

Aug 2023 - Oct 2023

Role: Frontend Developer Intern

- Learned and practiced front-end development using React.js, Next.js, and WordPress.
- Built responsive web pages under the guidance of senior developers and ensured basic cross-browser compatibility and clean optimized code.
- Learned to follow established code structures, folder organization, and best practices in development.
- Gained hands-on experience in real-world project workflows and frontend development processes.

AREA OF EXPERIENCE

Languages : JavaScript, TypeScript, HTML5, CSS3, jQuery

Frameworks : React JS, Next JS, Node JS, WordPress,

Styling : Tailwind, Bootstrap, Radix UI, Shadcn, Material-UI, Ant Design, ReactStrap, SCSS

AI Tools : Claud Code, Cursor, Orchids, Loveable

Tools & Platforms : Git, GitHub, Gitlab, Postman, Swagger, Vercel,AWS (EC2, RDS, S3, Amplify), Linux, Deployments

Currently Learning : Node JS, Webflow,

PROJECT HIGHLIGHTS

GolfGuiders Web Application: Developed the GolfGuiders web application using Next.js, GraphQL APIs, Apollo Client, Redux, ShadCN, and Radix UI, building a large-scale social media–style platform with features including feeds, stories, reels, buddy posts, friends, groups, and events. Implemented advanced modules such as Guiders AI with streaming responses, Local Tournaments, and Bag Traxx for smart device tracking.

GolfGuiders Admin Panel: Developed a full-scale GolfGuiders Admin Panel from scratch using Next.js, GraphQL, Apollo Client, Redux, ShadCN, and Radix UI, designing and implementing a comprehensive system with modules including Dashboard analytics, Posts & Comments Moderation, Reported Content handling, User Management, RBAC, App Menu, User Preferences, Email Templates, App Version control, Push Notifications, News Management, Marketplace, Golf Courses, Bag Traxx device management, Cloud Shell, Upstash & Usage Logs, and system Settings —enabling secure, scalable, and efficient platform administration and operations.

LOGOS Digital Signature Portal (Freelance Project) : Developed LOGOS Signature Portal, a full-stack digital contract platform using Next.js, enabling two-party onboarding, AI-powered contract generation via OpenAI APIs, real-time in-app contract editing, and secure digital signing workflows. Implemented complete contract lifecycle management including draft, pending, and completed states, RBAC, categorized contract types, automated email sharing, and admin-level management. Built secure infrastructure using AWS (S3 for storage, RDS for database, EC2 for deployment), delivering an end-to-end production-ready system entirely independently.

Catalyst : Created a platform for shelter houses to manage adopters and distribute free products via Shopify API integration. Enabled QR code-based gift redemption, order automation, and repeat purchases through a Shopify store. Built an admin dashboard for managing shelters and product subscriptions and stripe payment

E-Filing for US Taxation : Developed a tax e-filing solution with IRS API integration to handle Form 1099-INT, 1099-MISC, and 1099-NEC. Added features for downloading, sharing, federal/state filings, and print-and-mail services.

Valor Sports Cards : Built a platform for sports card services in the US, integrating PSA for grading, Hedge API for advanced search capabilities, and payment solutions via Stripe, Square, and Venmo.

ImagineAnything : Developed an AI-driven image generation platform using Next.js integrated with MidJourney APIs. Key features include 10 free image credits, subscription plan management, admin panel for managing plans and images, and bulk image generation via CSV uploads with background processing.

WordPress Projects : LMS, Real Estate website, Auto Workshop website, Restaurant website etc.

EDUCATION

Bachelor's in Computer Science II 3.2

Virtual University of Pakistan

- Engaging in comprehensive coursework covering algorithms, data structures, and software engineering principles.
- Actively participating in coding projects and collaborative assignments to develop practical programming skills.

F.Sc Pre-Engineering II 80%

Fauji Foundation College

- Developed a strong foundation in mathematics, physics and preparing for Computer Science studies.

ADDITIONAL INFORMATION

Certifications : Frontend Developer certification from FreeCodeCamp and Scrimba

Awards/Activities : Employee of the Month by ArgonTeq

Languages : English (fluent) , Urdu (native)
